<u>IN THE CLAIMS</u>

Please amend the claims as follows:

1.   (original) A graphical user interface for navigating through content comprising

- a history panel wherein navigation history data is displayed, and

- at least a first panel displaying a first menu of a content structure, the first menu comprising one or more selectable items.

2.   (original) A graphical user interface according to claim 1, further comprising at least a second panel for displaying a first sub-menu of a currently highlighted item of the first menu.

3.   (currently amended) A graphical user interface according to ~~claims 1 or 2~~claim 1, wherein navigation history data is updated with a reference to the menu displayed in the first panel upon selection of an item of the menu.

4.   (currently amended) A graphical user interface according to ~~claims 2 or 3~~claim 2, wherein the first menu in the first panel is

replaced with the sub-menu of the second panel upon selection of an item in the first panel.

5. (original) A graphical user interface according to claim 4, wherein the sub-menu in the second panel is replaced with a sub-menu of a currently highlighted item of the first sub-menu.

6. (currently amended) A graphical user interface according to ~~any of the preceding claims~~claim 1, wherein the navigation history data comprises a reference to previously selected menu(s).

7. (currently amended) A graphical user interface according to ~~any of the preceding claims~~claim 1, wherein the navigation history data is displayed as pictograms.

8. (currently amended) A graphical user interface according to ~~any of the preceding claims~~claim 1, wherein one or more layered panels show the navigation history.

9. (currently amended) A graphical user interface according to ~~any of the preceding claims~~claim 1, wherein the content structure comprises a main menu starting point.

10. (original) A graphical user interface according to claim 9, wherein the navigation history data comprises navigation history data starting from the main menu starting point.

11. (currently amended) A graphical user interface according to ~~claims 9 or 10~~claim 9, wherein the navigation history data comprises navigation history for a number of selections.

12. (canceled)

13. (canceled)

14. (original) A method of navigating through content, the method comprising displaying elements representing navigation history data in a navigation history panel and displaying at least a first menu of a content structure in at least a first panel, the first menu comprising one or more selectable items.

15. (original) A method according to claim 14, wherein the elements representing navigation history data are active elements.

16. (original) A method according to claim 15, wherein the selection of an active element causes the navigation to revert to the selected data in the navigation history data.

17. (currently amended) A computer program product enabling a programmable device when executing said computer program product to function as a method as defined in ~~any one of the claims 14-16~~claim 14.

18. (original) A computer system operable to provide navigation through ordered content, the computer system comprising displaying means for displaying elements representing navigation history data in a navigation history panel and at least a first menu of a structure in at least a first panel, the first menu comprising one or more selectable items.

19. (canceled)
